

Doug the Dung Beetle Chatter Box

Instructions

Colour in and then cut out the large square image. If you don't know how to make the chatter box, check out these sites - <http://www.wikihow.com/Make-a-Cootie-Catcher>

So, who's Doug Dung Beetle anyway?

Doug is the mightiest of all animals, going where other animals (and humans) fear. You see, he is a roller dung beetle and as his name suggests, he loves to roll poo. First he finds some dung to his liking, then he shapes it with his head and feet until it's a rollable ball. He can roll it home to his nesting area, where he can feed his young when they hatch.

If you want to find out more about Doug and his cousins the dweller and tunneler dung beetles, visit www.dougthedungbeetle.com. Best of all, it is kid friendly and you'll find free games and puzzles to download and print.
